

Regarding our efforts to prevent the spread of the COVID-19 Coronavirus

Since the outbreak of the Coronavirus, ACCU Staffing has taken steps to minimize the risk to our associates and clients. Our goal is to be an integral part of the effort to contain the spread of the Coronavirus.

These are the steps enacted by ACCU:

1. Thorough and regular disinfecting of all public areas and hard surfaces within our offices.
2. Disinfectants, disinfecting wipes, soap and hand sanitizers have been distributed to all of our offices and on-site locations.
3. All of our passenger vans, for transportation of associates, have been, and will continue to be, sanitized and thoroughly cleaned. Hand sanitizers are also made available to associates traveling in the vans. Masks are required for entry and eating and drinking are strictly prohibited during transport.
4. New applicants are being encouraged to fill out applications online, and interviews are being scheduled by appointment only, in order to reduce the amount of people coming into our offices. We are also placing capacity limits within our offices as dictated by state and local mandates.
5. Throughout this time, we have been relaying best practices in germ prevention, as well as posting messaging from the CDC within our offices. Monthly messaging regarding prevention of the virus and information on available vaccines are sent to our associates.
6. Our associates are informed to stay home if they have a fever, cough, shortness of breath or other symptoms related to COVID-19 in accordance with CDC and OSHA guidance. In line with that guidance testing or quarantine is required before returning to their assignment.
7. Associates are instructed to report symptoms of the Coronavirus to their supervisors. If associates or some one they've had contact with test positive for the COVID-19 Coronavirus, they must report it to the ACCU Staffing contact and their immediate supervisor.
8. Associates are also being encouraged to register for the COVID-19 vaccine, and helpful information in order to do so is being provided via text messaging and email for them to do so.

ACCU Staffing is committed to the safety and wellbeing of our associates and clients, and we will continue proactively taking steps to ensure this safe environment throughout this pandemic. We will also keep the communications channels open regarding changes in preventative steps or policies.
